

BS High Security Nightlatch

Features

- This **British Standard High Security Nightlatch** conforms to British Standard 3621:2007 (BS EN 12209) and meets the tough criteria laid down by insurance companies and the Police
- Features an integral cylinder pull which protects the cylinder from being drilled
- Over 30,000 cut key variations
- Includes 20mm bolt throw for extra strength and security
- Designed ideally for glass panelled wooden doors, as it has been designed with an ergonomic internal lockable handle offering added security against forced entry
- Main lock bolt "automatically" deadlocks, this makes the use of credit card to force entry virtually impossible
- The bolt can be held in the withdrawn position (only) with the use of the snib feature
- Brass, Satin Chrome, Polished Chrome, Satin Nickel and Black finishes are available
