

Standard Door Chains and Viewers

Door Viewer

Concealed Door Chain

Slide Door Chain

Features

Door Viewer

- Allows visual identification of callers without the need to open the door
- Made of precision optical glass with 120 and 160 angles of view are available (also available in plastic lenses with 180 of view). The viewer is adjustable to fit doors 35mm to 54mm thick

Concealed Door Chain

- Gives extra security for external doors and is fitted concealed in the door frame
- The push button operation facilitates quick and easy locking and is especially suitable for the elderly; and when in the linked position, conversation can take place through the door whilst being secured
- Can only be unlocked when the door is closed

Door Chains

- Offers visible security, allowing conversation without giving unwanted access to visitors
- The Timber/PVCu chain is suitable for fitting to timber or PVCu doors

Door Restrictor

- The ERA Door Restrictor is designed to limit door opening prior to allowing entrance to visitors
- Easily applied and released when door is closed
